Parentage Verified by : Blood Type DNA Type

Reason

Please place an X in the appropriate box

COLOUR and/or MARKINGS CHANGE: CAHR Reg. # _____

Complete the Written Description and Diagram of Markings* on page two of this form and submit with the original Certificate of Registration and colour photographs of front, back and both side views of the animal clearly showing all white markings.**

IDENTIFICATION for TRANSFER of AHA animals to CAHR: DATE OF IMPORT:

Month	Day	Year
-------	-----	------

Complete the Written Description and Diagram of Markings* on page two of this form and submit with the original AHA Certificate of Registration, colour photographs of front, back and both side views of the animal clearly showing all white markings**, the appropriate fee and a copy of the border crossing papers that indicate when the horse was imported into Canada. When completing the Diagram of Markings, draw markings directly from the horse in question, do not re-draw from the AHA papers.

IDENTIFICATION:

To identify or confirm markings for any other purposes when requested by the Registry, complete the Written Description and Diagram of Markings* on page two of this form.

* GREY ANIMALS: will need to be wet down and in some cases clipped to clearly show the underlying pink skin for photos and to correctly draw markings. When completing the Diagram of Markings for a grey animal, only draw white markings with underlying pink skin.

** PHOTO SPECIFICATIONS: photos must be of good quality and should be taken with the horse standing on a flat surface without mud, snow or long grass to clearly show hoof colour. We will require photos taken from the front, hind and both sides so that all views of leg markings are visible, as well as close-ups of any markings that are faint or that are not easily visible in the four views indicated above (ie: belly spots, lower lip, chin, etc). Photos can be sent via regular mail or by email (provided they are of an adequate size and quality to print out a suitable copy).

Ownership Information

Name of owner		C.A.H.R. I.D. No.	Phone No.
Address	City	Prov.	Postal Code

I hereby attest that all of the above statements are true to the best of my knowledge.

Signature	Month	Day	Year

Page two of form must be completed

First Name Choice: _____

Written Description

Face Markings:

Leg Markings:

Right Fore:	Hoof Colour: Light <input type="checkbox"/>	Dark <input type="checkbox"/>	Parti <input type="checkbox"/>
Left Fore:	Hoof Colour: Light <input type="checkbox"/>	Dark <input type="checkbox"/>	Parti <input type="checkbox"/>
Right Hind:	Hoof Colour: Light <input type="checkbox"/>	Dark <input type="checkbox"/>	Parti <input type="checkbox"/>
Left Hind:	Hoof Colour: Light <input type="checkbox"/>	Dark <input type="checkbox"/>	Parti <input type="checkbox"/>

Body Markings: Belly spots, tattoos, brands or other notable markings or scars

Whorls:

Head	
Right Side Neck	Left Side Neck

If horse has no white markings, check here
If horse has no whorls, check here

DIAGRAM OF MARKINGS & WRITTEN DESCRIPTION

- All white markings must be drawn.
- *For Grey horses* - Only draw white markings with underlying pink skin. If markings are faint/have no underlying pink skin, do not draw on diagram of markings. (You may need to wet down the area in question to verify the underlying skin colour).
- Hoof colour must be indicated.
- If horse has no white markings, write "NONE" in the corresponding area of the written description.
- Indicate the location of hair whorls on the head and neck by drawing an 'X' on the diagram of markings. A hair whorl is the centre of a tuft of hair growing in a different direction from the surrounding hair. If horse has no hair whorls, write "NONE" in the corresponding area of the written description.

*Please exercise care in completing all markings, including all views of legs, or processing will be delayed.
